

SO-BOS-SO (Kilfly) is a liquid mixture designed to protect cows and horses from torture of flies. The preparation is positively harmless. It is used with splendid results as a disinfectant and germicide. The Electric Sprayer discharges the So-bos-so (Kilfly) in a fine, broad spray. From 30 to 50 cows can be sprayed in a few moments. The Electric Sprayer is detachable, and thus may be thoroughly cleaned. If your animals are troubled with lice use So-bos-so (Kilfly). It kills them out. Spray your poultry house with So-bos-so (Kilfly). It kills lice, or any vermin that may infect the fowls.

FOR HORSES.

So-bos-so (Kilfly) is invaluable as a disinfectant for spraying around the stable; at the same time prevents the irksome torture of flies. Used with splendid effect on horses while at work, especially draft horses, traveling at a slow pace and often times obliged to stand for long intervals, harnessed to the truck, exposed to the torture of the beastly flies, while the teamster is loading, unloading, or otherwise engaged. Blacksmiths will greatly appreciate the preparation. A moment's work with the Electric Sprayer and a little So-bos-so (Kilfly) will rid the shop of flies, and the horses stand perfectly quiet. Your use of So-bos-so (Kilfly) will result in more and better milk, more money, more comfort for cows, for horses, and for you.

Kilfly has proved a perfect success in this Territory, and until the arrival of large invoices recently, we have been unable to fill all orders. We have now a supply on hand and more on the way. Sufferers from the HORN FLY should give Kilfly a trial. We are the sole agents for the Territory of Hawaii.

EASY FOR ATHLETICS

Morse Had Only to Go Round the End.

SOLDIERS WERE SNOWED UNDER

With a Score of 36 to 0 the Punahou Athletic Club Took First League Game.

The football season proper opened on Saturday at Punahou in orthodox weather. The gridiron was sodden with rain and overhead leaden clouds threatened every minute to treat both players and spectators to a soaking.

Despite the unfriendliness of the elements three hundred people were on the ground when the ball was kicked off. The time honored garnishings of a football game, ribbons, horns and chrysanthemums, were as much in evidence as usual and the celebrated rooting chorus of Oahu College proved itself to be in excellent voice.

Visitors to the scene of the contest were much pleased to observe that precautions had been taken to ensure the game being played without interference on the part of the spectators. The field had been roped off and the only persons allowed within the boundary line were the police, officials, substitutes and representatives of the press.

Great interest was manifested in the game for it was the first of the league series and enthusiasts were anxious to get a line on the teams. The Punahou Athletics had shown up well in practice games and were conceded to be a strong team. They were the favorites in Saturday's game and were generally expected to win. Of the Artillery, previous to the game, but little was known. The soldiers were said to have practiced hard and to be fairly confident of the issue.

The game itself was a walkover for the Athletics. In the first few plays the Artillery held their opponents successfully and even gained several yards. When they hit their opponent's line they crumpled it. The spectators were not slow to notice this and at first blush it was prophesied that the Athletics would have to fight their way to victory. A change of tactics however soon caused the soldiers' stock to go a-tumbling. Morse was sent round the left end with the ball and soon scored a touchdown. This seemed so easy that the experiment was repeated, and as before, netted points. The score at half time, 21 to 0 in favor of the Athletics, was mainly compiled by Morse around the left end.

In the second half the soldiers were pretty tired and their opponents secured three more touchdowns, the final score being, Athletics 36, Artillery 0. At 3:30 the Athletics kicked off in the direction of Waikiki. Five minutes from the start the Artillery had advanced fifteen yards. Then Punahou got the ball and at 3:40 o'clock scored a touchdown by means of Morse round the mauka end. Soper kicked a difficult goal. The soldiers were playing a very close game and their ends seemed frozen to the line. Athletics 6, Artillery 0.

Morse took the ball from the kick and recovered twenty yards. Immediately after, the ball was passed to him and he made a 30-yard run, losing the ball as he fell. The soldiers lost the ball on downs and Morse took the ball round the left end for a touchdown which Soper failed to convert into a goal. Athletics 12, Artillery 0.

On the kick off Armstrong caught and saved fifteen yards of the kick. The Artillery got the ball on a fumble and lost it on downs on their 30-yard line. Small frequent gains by the Athletics drove the soldiers to their second white line and Soper was sent through guard and center for a touchdown. He failed at the kick. Score: Athletics 16, Artillery 0.

With but five minutes to half time the ball was kicked and downed on Punahou's 25-yard line. Morse was then sent round left end and made a brilliant 75-yard run clean to the other goal. The interference was very fine but the Artillery seemed to utterly lack speed at this stage of the game. Soper misjudged the kick.

As soon as the ball had been started going again Downing got hold of it and netted fifteen yards, then the half time whistle sounded with the ball in the center of the field. Score: Athletics 21, Artillery 0.

During the interim the college rooting chorus sprang a new one on the crowd, just for fun. It sounded like this:

Ki yi akie, ki yi akie. Holy Moses, see that tackle! In the second half Morse and Downing were relieved by J. Marcellino and Ingalls.

Williamson accepted the ball and recovered about ten yards of the kick shortly after which the Artillery secured possession of it. "Ends out" was the signal, but the play was marred by an abortive kick. Athletics were penalized ten yards for off side play. J. Marcellino gained fifteen yards and a touchdown on a mis-signal. A punt-out was attempted, but the catch was missed. Athletics 26, Artillery 0.

In a scrimmage Hawkins, of the Artillery, sprung a tendon, and Bigler took his place. The ball was fought by degrees right down to the Artillery citadel, then the Athletics lost the ball and the soldiers made heroic efforts to save their goal. It was no good, however, and they had to relinquish to the Athletics, who put the ball over the line by the aid of J. Marcellino. Soper was fooled by the wind and kicked in vain. Athletics 31, Artillery 0. The soldiers led off with a hefty kick which was missed. Armstrong, however, got up in the nick of time, and

fell on the ball, which was now on the Artillery's ten-yard line. Just now Smith collided with another of his side and received a nasty blow over the eye which came near putting him out of the game. The team as a whole showed signs of being pretty well used up. Five minutes before time was called J. Marcellino registered another touchdown. Fuller attempted to kick a goal, but did not come off. Score: Athletics 36, Artillery 0.

A false kick-off. A few uneventful plays in favor of the Athletics and the game ended with the ball on the soldiers' 25-yard line.

The feature of the game was Morse; he used his interference to perfection, and showed good headwork. The interference of the Athletics was fine, Walker and Fuller being particularly noticeable. The latter, for a guard, got into the interference phenomenally. Soper was on the premises as usual with his large kicks, but his aim was somewhat off color. Kimball went through the line at will. Williamson and Armstrong showed themselves to be valuable members of the team. Others of the Athletics did all that was asked of them, and their chief fault is a weak spot or two on the line.

For the Artillery Cominsky played a cracking good game at center, and showed that he has played the game before. Smith also played a gritty game, and made a good impression.

FRANCIS MURPHY CLUB.

A Big Crowd Attends Its Opening Entertainment.

The bad weather did not keep a large crowd of people away from the opening entertainment given by the Francis Murphy Temperance Club Saturday night. The Portuguese Band, who so kindly lent their assistance to the club, drew quite a number to the hall.

The hall proper and the porches were filled with people, and many utilized the coffee room. Ladies of the club served ice cream, coffee and cake. The star of the evening was Mr. Michael Patton in his character impersonations and fine singing, and the club and audience were kept laughing by his clever work, which was repeatedly encored, as was P. M. McMahon, who also made quite a hit with his dancing and singing.

The program all through was excellent, and the entertainment committee deserve credit for their hard work in arranging such a pleasant affair. Mr. Senecal made a hit with his coon songs and ragtime playing on the piano.

The program was arranged as follows:

Miss Helen Desha, Accompanist.

Vocal Selection—"He Fought for the Cause He Thought Was Right," A. B. Wallace.

Recitation—"Lillian Shrewsbury Me-sick."

Vocal Selection—"I Ain't Seen No Messenger Boy," and encore, "I Need the Money," Private Senecal, of Camp McKinley.

Bone Selection—Kenneth Hopper, Mr. Senecal, accompanist.

Vocal Selection—"Belle of Manila," and encore, "Yuba Dam" (comic song), F. G. Noyes.

Vocal Selection—"Come With Me," H. Davison.

Song and Dance—"Fair Hawaii Land," composed by himself, and encore, "Kohana San," P. M. McMahon.

Intermission of twenty minutes for refreshments.

Baritone Selection—"The Holy City," J. B. Sabate.

Vocal Selection—"I Love Her Just the Same," and encore, "The Organ Grinder Serenade," William Kelly.

Character Mimicry—Michael Patton. Encore, song, "She Rests on the Suwanee River."

Some Good Advice—J. Martin.

Vocal Selection—"Mother's Picture," N. H. Trombley.

The entertainment closed at 11:30, after a most enjoyable evening. The club will hold a temperance meeting tomorrow (Tuesday) evening, and it cordially invites everybody to attend, as the Rev. Mr. Rice has been asked to give a stereopticon lecture on the subject, which will be interesting.
